

Hanger | 250

Description

The HG 1250 is a modular wall hanger designed to keep everyday items neatly organized. Suitable for coats, hats, towels, or accessories, it offers a practical solution for both private and shared spaces. Available in four different lengths, each unit can be mounted upright or upside down, allowing varied rhythms and visual patterns across the wall. Used individually or combined into larger compositions, the HG 1250 adapts easily to different layouts. Its softly waved profile adds subtle movement while maintaining a quiet, balanced presence, transforming a simple row of hooks into a functional design detail.
